Contact person:	Michiel Fransen
Telephone:	+31 6 47 103 247
Email:	<a href="mailto:standards@asc-aqua.org">standards@asc-aqua.org</a>

### INTRODUCTION

This is the feedback form which stakeholders can use to provide feedback on the First Draft of the ASC Freshwater Trout Standard v1.1. This feedback form only shows the indicators that have proposed content changes. In case you have additional comments, please write these in the "general Remark" section below.

### PROVIDING FEEDBACK

This feedback form consists out of 2 sheets. Sheet 2 is destined for stakeholders to enter their feedback, rationale and proposed change(s).

Sheet 2 has locked cells with pre-filled locked content based on the content of the First Draft.

There are three columns for stakeholders to enter feedback:

1) "Your feedback": please enter your feedback in this cell

2) "Rationale for your feedback": please enter the rationale for your feedback in this cell. *Understanding the rationale behind the feedback helps with commenting on the feedback.*

3) "Your proposed change": please enter here your proposed change based on your feedback.

We encourage stakeholders to complete all three fields when providing feedback. This not only provides valuable feedback, but also gives insight into the rationale behind the feedback and proposed possible changes.

#### **SUBMITTING FEEDBACK**

Please return your completed feedback submission form to ASC via [standards@asc-aqua.org](mailto:standards@asc-aqua.org)

All feedback received will be posted on the ASC website. The name of the company/organization that submitted feedback will be visible.

#### **GENERAL REMARKS**

Our comments are offered in a separate document, as our comments do not fit well with the feedback submission form. This document can be viewed at:  
<http://fms.scot/wp-content/uploads/2017/11/171023-Aqua-Draft-response-to-ASC-consultation.pdf>.
